Bulletins

Marco De Pietri – **July 2023**

Introduction

This section reports announcements intended only for the staff.

Bulletin 1: July 30, 2023 (ZH730 mDP)

CM: updating on the ongoing works on websites, format, and conversion.

- In the section https://cyb-mes.net/website/dev/4-reserved.htm#website you will find a list of website organized according to their format; in the same list, there are also comments about the websites or part of websites (unit and topical books) which are going to be converted from HTML to MID. Thus far, some websites have been converted or their conversion is ongoing:
    1. unit book J4 has been converted to MID on ZH728 by mDP;
    2. unit book J3 is going to be converted to MID by sJ (with the assistance of mDP);
    3. unit book A20 is going to be converted soon by mDP.
- In order to preserve a "working page" during the conversion process, for each converted website (in MID, put as main link from the urkesh.org homepage and in the UGR section) it will still be possible to access the old HTML format by a link displayed on the "A template" (the red left-hand side) of each converted website.
- An updated timeline, sorted by both last names of authors and by topics, has been put on page https://cyb-mes.net/website/dev/4-overview.htm#timeline; here you can see the state of progress of many works: please, you are kindly required to inform mDP (depietri.marco@libero.it) when one of the works you are developing reaches full completion, in order to keep this timeline always updated.
- An "Update/blog" section, intended for internal use only, has been created on CM (https://cyb-mes.net/website/dev/4-reserved.htm#updates); any collaborator willing to put on the CM website a notice which he/she considers useful to the work of other colleagues is invited to send an e-mail to the e-mail address indicated in the aforementioned section linked above.
